- WHY:** Soldier Ride is a rehabilitative cycling event for military heroes who have been wounded while serving our country. For many of these combat veterans, it is a way to return to an active lifestyle, helping to heal both the physical and mental wounds of war. As part of the Wounded Warrior Project (WWP), these rides also raise awareness for the WWP mission and the many important programs designed to serve injured soldiers and their families, and in turn raise money through sponsorships, pledges and donations.
